EXPERIENCE

React.js Developer

Kambaa Incorporation, Coimbatore   August 2023 – Present

- Transformed legacy projects into modern, responsive applications using **React.js**, resulting in significant improvements in performance, speed, and overall efficiency.
- Designed and developed a feature-rich **Admin Panel** with tailored functionalities for both customers and delivery personnel, enhancing operational control and user accessibility.
- Overhauled the user interface with a fresh, intuitive design and integrated advanced features aligned with specific client requirements.
- Took ownership of end-to-end development on several standalone projects using **React Native**, successfully launching apps on both Android and iOS with seamless cross-platform compatibility.
- Integrated a smart **alert system for real-time order notifications**, significantly improving the end-user experience and response time.
- **Handled payment integration using Razorpay**, ensuring secure, reliable, and smooth transaction workflows across platforms.
- Regularly deployed updated code to production servers, ensuring seamless integration, minimal downtime, and optimal performance.
- Played a key role in major projects such as **Grozerbeez (React Native)**, **EasyDaily**, and **AnythingKovai (React.js)**.
- Embraced **agile methodologies**, contributing to faster development cycles and timely project deliveries.
- Worked closely with senior backend developers using **Node.js** to identify bottlenecks and implement performance enhancements.
- Promoted a culture of collaboration by sharing insights and best practices, ultimately contributing to team growth and project success.
- Maintained a proactive approach to troubleshooting, continuously improving systems through innovative and efficient solutions.
- Build new Projects with Prompt using **AI** and integrate with **Supabase.**
- Testing the upcoming AI and creating a presentation on it.
- Managing and maintaining projects developed using **PHP**, **Laravel**, and **Next.js**, ensuring smooth functionality

Web Application Developer
Intuitive Stack Solution Private Limited, Hyderabad   January 2023 – May 2023

- **Identified** and **resolved design issues** in both existing and developing products.
- **Developed controllers, modules, and services** tailored to **customer requirements**.
- **Implemented new functionalities** for **frontend web applications**, enhancing the overall **user experience**.
- Conducted **thorough manual testing** of projects and meticulously **documented feedback.**
- **Collaborated closely** with the development team to define the **scope and scale** of software projects.
- Applied **best practices** in software development to ensure **high-quality deliverables**.
- Utilized **project management tools** to **track progress** and ensure **timely completion** of tasks.
.

Associate Software Engineer
BambeeQ Solutions Private Limited, Chennai   March 2022 – November 2022

- **Delivered comprehensive end-to-end services**, engaging in projects encompassing **databases** and **user-facing websites**.
- **Resolved complex design issues** affecting both **current** and **developing products**.
- **Developed components and modules** precisely tailored to **customer specifications**.
- **Implemented advanced functionalities** for **frontend web-based applications**, enhancing overall usability and performance.
- **Collaborated closely** with the development team to define the **scope and scale** of **software projects**.
- **Key Projects**: HMS (Hospital Management System), TMS (Task Management System), HRA. **Enhanced project outcomes** through **proactive problem-solving** and **innovation**.

Project Delegate
SRJ Infognana Systems Private Limited, Coimbatore   May 2021 – December 2021

- **Collaborated closely** with **design, product management**, and **development teams** to create **elegant, responsive**, and **interactive client webpages**.
- Worked with **back-end developers** and **web designers** to enhance **usability** and **user experience**.
- **Developed components** and **modules** tailored to **customer requirements**.
- **Maintained, updated**, and **improved existing company websites** for optimal performance and reliability.
- **Implemented modern functionalities** for **frontend web-based applications**, ensuring cutting-edge features.
- Supported **seamless integration** of rapidly evolving **design** and **technology**.
- Pushed the latest code to **GitHub** for **version control** and **collaboration**.
- **Key Projects**: **Tab Service**, **Easy Cart**.

Junior Developer
Aaludra Technologies, Coimbatore   September 2020 – April 2021

- **Played a pivotal role** in developing, improving, and operating web-based software systems.
- Conducted thorough **code reviews**, addressed bugs, performed **QA testing**, and effectively solved problems.
- Verified **API functionality** using tools such as **POSTMAN** and **SWAGGER** to ensure reliable performance.
- Provided responsive **technical support** to clients, resolving issues promptly to ensure satisfaction.
- Ensured precise **form alignment** according to user needs and specifications.
- Contributed significantly to the success of key project initiatives, including **SFC (Sakthi Fertilizers Corporations)**.
- **Collaborated closely with teams** to optimize software functionality and enhance user experience.
- Facilitated continuous improvement through proactive **problem-solving** and innovative solutions.

EDUCATION

Master of Computer Applications (MCA)   July 2017 – May 2019
PSG College of Arts and Science, Coimbatore, India

Bachelor of Computer Science (B.Sc.)   August 2014 – April 2017
Kamaraj College, Thoothukudi, India

PROFESSIONAL CREDENTIALS

- **Certified by DELL Technologies:** EMC Academic Associate under Cloud Infrastructure and Services (Verification code: E7YZ7VW61FFQ2CSD)
  Verify at: www.certmetrics.com/emc/public/verification.aspx
- **NPTEL Online Certification:** Successfully completed the Mobile Computing course, funded by the Ministry of HRD, Govt. of India

---

AWARDS AND HONORS

- **Certificate of Appreciation (2021):** Awarded by Aaludra Technologies for exemplary diligence.
- **Service Certificate (2014 - 2016):** Recognized for completing two years of dedicated service in the National Service Scheme (NSS).
